

Exceptional Intelligence Analyst Program

1600, Friday, 1 Feb 1980, CIA Auditorium

- Program to help increase skills of analysts - enrich their understanding problems - develop their talents.
- Open to all career analysts - civilian & military - in the National Foreign Intelligence Program
  - \* Devise & submit project proposal
  - \* Selected by special selection committee
- No quotas for IC agencies, but maximum of 20 selectees per year.
- This year - 1st for the program - selected 19 truly impressive participants from a field of 40 very well-qualified candidates.
- Selectees' formal education ranges
  - \* From Ph.D - to no undergraduate degree
- Programs range:
  - From - Soviet, China, African cultural & political questions
  - To - highly technical research
  - And cost - from nothing to \$57,000
- Selectees have come here today from as far away as the US Army Missile Intelligence Agency in Huntsville, Alabama
- Want to congratulate each one and wish them great success in their projects. They will learn from their work, and so will we.
